Transportation for Community Housing Description:

The Cape can be very dangerous in the summer. Traffic can be very heavy, tourists can be unfamiliar with the roads, lighting on the roads can be very poor, and there are often no dedicated bicycle lanes. A few tips will help you to keep safe on the road: Ensure your bicycle can run safely. It is a state law to place a red blinking light on the back of your bicycle. This light is absolutely essential to your safety biking at night. A bright white light on the front of your bike will help light the way and prevent you coming across any dangerous obstacles. Bright clothing (preferably a neon vest) at night will increase visibility greatly. Ride on the right (not the left) side of the road to ensure you move in the same direction as traffic.

Often, students purchase bikes from:

Walmart

There is a man that sells/rents bikes to J1 students at 35 Pleasant Street which is on the same road as Baxter's.

J1 Summer Facebook Page - There are a lot of bikes for sale or given away through this group as some families offer bikes that previous students left behind.

Cape Cod Regional Transit Authority's buses, shuttles and seasonal trolleys are easy to use and a great way to travel around Cape Cod. The Cape Cod RTA also offers DART (Dial-A-Ride Transportation) and SmartDART services. DART operates by appointment, while SmartDART is available on-demand and offers cost-effective transportation solution.

Cape Cod has many car-free options for getting to and around the region, and traveling by bus is one of our most popular choices! Both Peter Pan Bus Line and Plymouth & Brockton Bus offer services from Boston to Woods Hole and Hyannis, where you can connect with in-town buses, ferry providers, livery service and auto rentals.
